---	---

General Compliance Provisions:

1. No work may start until a permit is issued or is determined to be not applicable.
2. The permit may be revoked if any false statements are made herein.
3. If revoked, all work must cease until permit is re-issued or deficiencies are corrected.
4. The permit will expire if no work is commenced within six (6) months of issuance.
5. Applicant is hereby informed that other permits may be required to fulfill local, state and federal regulatory requirements; this application serves only for local floodplain permitting.
6. Applicant hereby gives consent to the Floodplain Administrator or their designee to make reasonable inspections required to verify compliance with the adopted ordinance.
7. I, the applicant, certify that all statements herein and in attachments to this application are, to the best of my knowledge, true and accurate.

Name: <input style="width: 95%;" type="text"/>	Signature: <input style="width: 95%;" type="text"/>	Date: <input style="width: 95%;" type="text"/>
--	---	--

SECTION 2: FLOODPLAIN DETERMINATION

The proposed development is located on FIRM Panel No.

which is dated:

The Proposed Development:

Is NOT located in a Special Flood Hazard Area. The application review is complete and No Floodplain Development Permit is Required.

IS located in a Special Flood Hazard Area. FIRM zone designation is:

100-Year flood elevation at the site is: Feet. NGVD (MSL) Unavailable

See Section 3 for additional instructions.

Name: Signature: _____ Date

SECTION 3: ADDITIONAL INFORMATION REQUIRED FOR PERMIT ISSUANCE

The applicant must submit the documents below before the application can be processed:

Elevation in relation to mean sea level of the proposed lowest floor (including basement) of all buildings. If base flood elevation (BFE) of the site is unavailable on FIRMS or DFIRMS, obtained and certified by a registered professional engineer at the sole cost of applicant.

Elevation in relation to mean sea level to which any non-residential building will be flood-proofed. If base flood elevation (BFE) of the site is unavailable on FIRMS or DFIRMS, obtained and certified by a registered professional engineer at the sole cost of applicant.

Certificate from a registered professional engineer or architect that the non-residential flood-proofed building will meet the floodproofing criteria in Article 5, Section B (2) and Section D (2).

Description of the extent to which any watercourse will be altered or relocated as a result of the proposed development, including plans showing watercourse relocation and/or landform alterations.

A site plan showing the location of all existing structures, water bodies, adjacent roads, lot dimensions and proposed development.

Development plans, drawn to scale, and specifications, including where applicable details for anchoring structures, proposed elevation of lowest floor (including basement), types of water resistant materials used below the first floor, details of floodproofing of utilities located below the first floor and details of enclosures below the first floor.

Subdivision or other development plans. If the development exceeds 50 lots or five (5) acres, whichever is lesser, the applicant must provide 100-year flood elevations.

Top of new fill elevation Feet NGVD (MSL).

Other:

Application #:

**NESHOPA COUNTY, MISSISSIPPI
FLOODPLAIN DEVELOPMENT PERMIT**

SECTION 4: FLOODPLAIN DEVELOPMENT DETERMINATION

I have determined that the proposed activity : in conformance with the provisions of the Neshoba County Flood Damage Prevention Ordinance, adopted January 5th, 2009. The floodplain development permit issued subject to the conditions of the ordinance and conditions attached to and made part of this permit through the application process.

Name: Signature: _____ Date

If the floodplain development permit is not issued above, the applicant may correct the deficiencies noted below and may revise and resubmit the application or may request a hearing from the Board of Appeals.

Deficiencies:

SECTION 5: AS-BUILT ELEVATIONS CERTIFICATION

Upon placement of the lowest floor, or flood-proofing by whatever construction means, the permit holder shall submit to the Floodplain Administrator a certification of the NGVD elevation of the lowest floor or floodproofed elevation, as built, in relation to mean sea level. Said certification shall be prepared by or under the direct supervision of a registered land surveyor or professional engineer and certified by same. (Attach certification to this application/permit.)

NOTE: Any work undertaken prior to submission of the certification shall be at the permit holder's risk.

CONSTRUCTION

Actual (As-Built) Elevation of the top of the lowest floor, including basement, is Ft. NGVD (MSL).

FLOOD-PROOFING

Actual (As-Built) Elevation of floodproofing protection is Ft. NGVD (MSL).

Name: Signature: _____ Date

SECTION 6: COMPLIANCE ACTIONS

The Floodplain Administrator or their designee will complete this section as applicable based on inspection of the project to ensure compliance with the Neshoba County Flood Damage Prevention Ordinance.

Violation of the provisions of this ordinance or failure to comply with any of its requirements, including violation of conditions and safeguards established in connection with grants of variance or special exceptions, shall constitute a misdemeanor. Any person who violates this ordinance or fails to comply with any of its requirements shall, upon conviction thereof, be fined not more than \$500 or imprisoned for not more than 180 days, or both, and in addition, shall pay all costs and expenses involved in the case. Each day such violation continues shall be considered a separate offense. Nothing herein contained shall prevent the Floodplain Administrator from taking such other lawful actions as is necessary to prevent or remedy any violation.

STOP WORK ORDER

Work on any building, structure or premises that is being done contrary to the provision of this ordinance shall immediately cease. The conditions under which work may be resumed is/are:

REVOCATION OF PERMIT

The permit issued under the provisions of the Neshoba County Flood Damage Prevention Ordinance is hereby revoked. The reason(s) for revocation of the permit is/are:
